RE: SOCIAL SECURITY (RSDI) AND SSI COST-OF-LIVING INCREASE
AND RELATED INCREASES

PROGRAMS AFFECTED: CASH ASSISTANCE, MEDICAL ASSISTANCE AND
FOOD SUPPLEMENT PROGRAMS

ORIGINATING OFFICE: OFFICE OF PROGRAMS

Summary:

Recipients of Social Security Retirement, Survivors and Disability Insurance (RSDI) and Supplemental Security Income (SSI) received a 1.5% Cost of Living Adjustment (COLA) for 2014. Railroad Retirement and Veterans Benefits will also be adjusted by the same percent. This transmittal describes the mass change process and impact of these adjustments on cash assistance, medical assistance and food supplement program benefits.

Action Required:

Effective January 1, 2014, Social Security (RSDI), SSI, Railroad Retirement and Veterans Benefits will increase by 1.5 percent. Local Departments need to understand and apply these changes to all affected programs according to the procedures outlined on the following pages.

NOTE: Count the increase for all cash assistance, medical assistance and food supplement cases beginning with January 2014 benefits. A mass change was run on December 14, 2013 to update the RSDI, SSI, Railroad Retirement and Veterans Benefits for ongoing cases effective January 1, 2014.

The personal needs allowance for all PAA cases, including DHMH Rehabilitative Residence cases, is still \$82.00.

For purposes of verifying new RSDI/SSI amounts for individual cases, SVES or the award letter supplied by the customer should be used at the next recertification, or at interim change.

II. PAA Assisted Living and Project Home Cases

While the RSDI and SSI cost-of-living increases are effective January 2014, Project Home and assisted living rates will remain the same as noted in the Rates and Per Diems chart.

For new PAA applications approved in December for January 2014 benefits continue to use the new RSDI/SSI amounts and/or Project Home or assisted living amount, as applicable.

Attached to this Action Transmittal are copies of letters to be sent to operators of Project Home and licensed Assisted Living facilities to explain these changes.

Please note: for Rehabilitative Residence cases, the allowable need is the cost of the Rehabilitative Residence as paid, not to exceed \$54.00 per day.

III. Increase in Railroad Retirement Benefits

Railroad Retirement (RR) benefits will also be adjusted in the mass modification for January 2014.

IV. Increase in Veterans Benefits

The cost-of-living increase in the VA pension program will also be 1.5% effective January 2014. Veterans Benefits will also be adjusted in the mass modification for January 2014.

V. CARES

On December 14, 2013, the Social Security and SSI cost-of-living income adjustments (COLA) were made to CARES Assistance Units (AUs) in active or spend-down status. This process, referred to as Mass Modification, causes all assistance units to be put through batch eligibility. Batch eligibility examines each AU for all eligibility factors and determines program type, AU status and benefit level. Case managers will receive an alert (**#224 Grant Changed in Batch**) for any AU with a change in status or benefit level. Also produced, if applicable, are adverse action notices.

CARES also updated the SSA and SSI income fields on cases that are in an active no pay status, providing such income is present on the UINC screen. However, eligibility will not be calculated nor will notices produced until the case is reactivated.
